Dear Parents:

The Franklin Parish School Board (FPSB) is required by both Federal law and the Louisiana School Accountability Program to develop and maintain a Public School Choice policy for any school with a School Performance Score (SPS) below levels set by the Board of Elementary and Secondary Education (BESE).

Based on School Performance Scores from the **2018-2019** school year, Baskin School and Winnsboro Elementary School were identified as low-performing schools. Therefore, students from those schools may enroll at another school within the School Board's geographic boundaries in which the student resides. Students at Baskin School and Winnsboro Elementary School may choose to enroll at the following schools: Crowville School or Fort Necessity School *providing that sufficient capacity is available at the appropriate grade levels*. For the purpose of determining capacity, any school with an anticipated enrollment of greater than 80% of its optimal total student capacity in the grade in which the student seeks to enroll will be deemed to have *insufficient* capacity to allow for an ACT 853 enrollment.

Our current enrollment data for Crowville School is at capacity. Our current enrollment data for Fort Necessity School has five available seats in the 4th grade.

According to Board Policy (JBCE), *“Transportation shall not be provided to a student who enrolls in a public school that is located outside the geographic boundaries of the School Board in which the student resides if providing such transportation will result in additional costs to the School Board.”*

To make a school choice request, the parent will need to contact Chris Roberts at (318)435-9046. Student transfers will be granted based upon enrollment limits. **Request for school choice will close on August 1, 2022.** If you have any questions, you may contact me at the FPSB at (318) 435-9046.

Sincerely,

Chris Roberts
